## FAQ

### 1. Who we are?

- LemonVB is a registered Private Limited Company in India (Corporate Identification Number U74140PN2020PTC189132) incorporated on January 14, 2020, founded by IITian and managed by a group of IITians. We have been recognized as an Immerging Startup by the Ministry of Commerce and Industry, Department for Promotion of Industry and Internal Trade, Government of India with certification number DIPP57469. We are also certified Micro Industry (Services) by the Ministry of Micro, Small & Medium Enterprises, Government of India, UDYAM-MH-32-0008276.

### 2. What do we do?

- We are working in a Professional and Commercial Services Industry. We also serve in Business Support Services. For more details about Services and Products visit official website <https://lemonvb.in>

### 3. What are the current openings at LemonVB?

- Currently we are looking for Jr. Engineers (for freshers of Batch 2023) and Sr. Engineer (for experienced candidates in HVAC Design)

#### **4. What will be the recruitment process for these posts?**

- LemonVB is having its centralized recruitment process and selection will be done through the same. This can be considered an Off-Campus recruitment drive / Pool Placement drive.

#### **5. Is there any application fee?**

- Yes, there is an application fee of INR 300/- for candidates applying for the Jr. Engineer post (2023 Batch), and it's mandatory for all the candidates. However, there is no application fee for candidates applying for Sr. Engineer Post (HVAC).

#### **6. Why there is an application fee for the Jr. Engineer post?**

- This recruitment is open to all engineering students passing out in 2023. There is no particular requirement of specialization or experience for this post and any engineering candidate with an aggregate of 55% (passing out in 2023) is eligible to apply for the same. As the process is online a large number of students may apply for the post and it cost us quite high to conduct an online aptitude test through the well-designed portal and other processes for all. Instead of visiting campus for this recruitment, we would like to provide opportunities to all eligible candidates to reach the best possible talent across the corners of India. Hence, we allow all engineering colleges to participate in the drive and at the same time, we would like to keep the number of applications less and more genuine. Charging nominal application fees serves both purposes. Last year for the 2022 Batch around 1300 candidates applied for the online aptitude test from various colleges all over India including IITs, NITs, government colleges of multiple states, and private institutions.

**7. Where to get the details of the recruitment process of the previous year?**

- The overview of the recruitment drive conducted for the 2022 batch has already been shared with the T & P department of participating institutes. One may ask for the details by sending an email to the HR head at [head.hr@lemonvb.in](mailto:head.hr@lemonvb.in)

**8. Where to find the Job Description (JD) and all other details regarding this recruitment?**

- It is suggested to read “**Detail Advertisement of Recruitments 2022-2023 LemonVB/DEC./ 2022/ 01**” available in the Careers section on the official website of LemonVB <https://lemonvb.in/careers> for details of JD, Job Profile, Growth, number of posts, locations etc.

**9. How to apply for the Jr Engineer post (2023) and where to find the details?**

- Interested candidates need to apply through the online portal available on the official website of LemonVB. Find the link for filling out the application form “<https://lemonvb.in/application-form-for-jr-engineer-2023/>” provided at official website: <https://lemonvb.in> under the “Careers” tab in the last column of Job Box.
- To read more details it is suggested to go through “**Detail Advertisement of Recruitments 2022-2023 LemonVB/DEC./ 2022/ 01**” available in the Careers section on the website. Applications via Email will not be considered for this post.

### 10. How to apply for the Sr Engineer post (HVAC) and where to find the details?

- Interested candidates need to send resumes through email at [head.hr@lemonvb.in](mailto:head.hr@lemonvb.in) with the subject **“Sr. Engineer (HVAC) job application LVB 01”**. To read details it is suggested to go through “Detail Advertisement of Recruitments 2022-2023 LemonVB/DEC./2022/ 01” available in the Careers section on the website.

### 11. What will be the process of selection for the Jr. Engineer post (2023 Batch)?

- Selection Process consists of three steps:
  1. Online aptitude test of LemonVB in various batches (MCQ) for all the candidates who applied successfully for this post.
  2. Telephonic Interview (those who get the minimum 66% score in the online aptitude test)
  3. Personal Interview (Technical) with a Panel of Experts (for the candidates selected through the telephonic interview)

### 12. What will be the process of selection for the Sr. Engineer post?

- Candidates will be shortlisted based on their resumes and work experience
- Shortlisted candidates will be called for personal Interviews.

### 13. How can I pay the application fee to apply for the Jr. Engineer post?

- Candidates need to pay through the SB Collect portal of the State Bank of India. It is advised to read first **“How to Pay Application fees”** available in the Careers Section on the official website of LemonVB, <https://lemonvb.in>

#### 14.What is the Vision of LemonVB?

- To provide Cutting-edge technological solutions and consultancy to the challenges prevailing in various industries.

#### 15.What is the Mission?

- Collaborating with experts in various sectors and giving the best of their expertise and experience to our valuable clients.

#### 16.Where to contact if there is any issue while applying for the above posts?

- All the instructions are given in the “Detailed Advertisement” available in the Careers section on the website. Still, if anyone finds any queries, can send an email at [career@lemonvb.in](mailto:career@lemonvb.in) or [head.hr@lemonvb.in](mailto:head.hr@lemonvb.in). One can also call on helpline number +8956241141 (from 11.00 am to 05.00 pm, Monday to Friday).
